

ASI DATA

ENTRY

So you have found a new archaeological site....

First Step: You must send in a USGS Quad map with your new site location clearly marked on it to:

WHSASI_GIS_Submittal@wisconsinhistory.org

Once your map has been received and reviewed, you will be notified that your WHPD account is open for new data entry.

Even with a WHPD license, you will not always have data entry access. Your existing license will be given a certain window of time for entry depending on the number of new sites that you need to enter.

Preparing for New Site Entry

You should be prepared to enter all of the new site data before you begin.

There are a number of required fields that you must fill in.

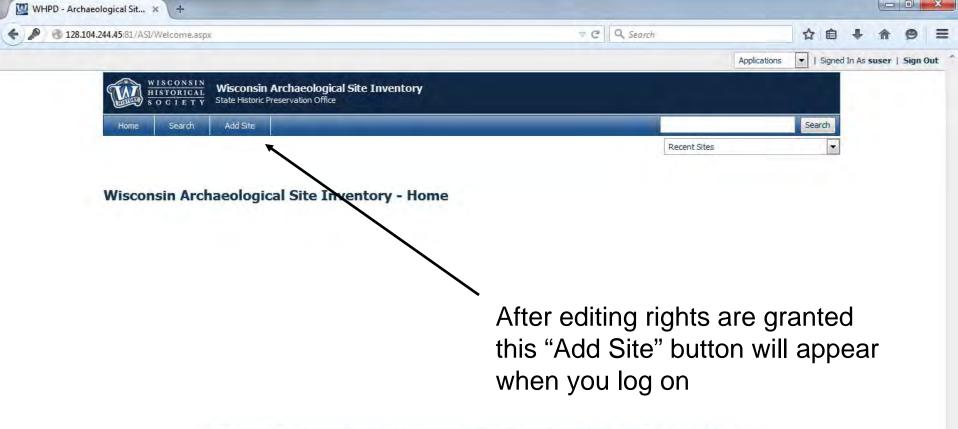

NO ONE will ONLY fill out the required fields, these are merely the bare minimum.

We will be monitoring all new site entry to insure data quality, so incomplete entry will result in us contacting you.

Website Address: www.wisahrd.org

You have now successfully entered a new archaeological site into the database

Now you should....

- 1. Make note of the site number that was assigned to your new site
- 2. Double check your entry for spelling and other errors

3. If you have a new burial site, contact Amy Rosebrough at this time to get a burial site number Email: amy.rosebrough@wisconsinhistory.org Phone: (608) 264-6494

QUESTIONS?

Guidelines for use of Abbreviations

Please limit the use of abbreviations in the descriptions.

Some Acceptable Abbreviations:

CTH – County Highway STH – State Highway USH – United States Highway I – Interstate Highway Rd – Road St – Street Ave – Avenue APE – Area of Potential Effect A.D. B.C. B.P. cm – centimeters m - meters

NOT Acceptable:

ca – approximately ac – acres c. – circa E – east W – west N – north S – south SE, SW, NE, NW, etc.
