Bring the spirit of Wisconsin history home with décor, books, games, and much more!

Big history is happening.

2020 has been – and continues to be – a year of Big History! Here at the Wisconsin Historical Society we specialize in collecting, preserving, and sharing stories with the community. This year, we celebrated the milestones of our past while capturing history as it happened.

In these pages, we are proud to present our unique products that capture the spirit of Wisconsin and our shared stories. We hope they will bring you joy as we continue living through historic moments.

The products, historic images, and gift memberships found in this catalog are available to purchase online at:

Whenever you see the Wisconsin state shape next to a product or book, it means the product is made in Wisconsin or the book is written by a Wisconsin author.

Thank you to our volunteer models for making this catalog a reality.
We couldn't have done it without you!
